

Strifor loyalty program

1. All real trading accounts, with the exception of Swap free, receive an internal transfer from Strifor in the amount of 18% per annum on the current balance of their deposit at the rate of 1.5% per month.
2. Interest is calculated at the end of each trading day based on the amount of free margin (Free Margin) of the client, excluding credit funds. During the month, the amount of accrued interest is accumulated, and at the end of the month (the end of the last day of the month) it is credited to the client account as a separate transaction of the INTEREST RATE type;
3. The amount on which interest is charged is calculated as the amount of funds on the account balance, excluding the current amount of non-trading bonuses (shown in the credit column of the Metatrader 5 terminal)
4. All accounts opened and replenished for any amount receive bonus funds under the loyalty program. (annual interest is not charged on a zero/negative balance).
5. Interest on the deposit is available for withdrawal under the following conditions: in the billing month, the client made transactions on forex/metals with a total volume of 5 lots for every 1000 free funds on which the interest was accrued. If the condition for working out lots for the month is not met, the accrued interest is written off. The verification of the fulfillment of the condition occurs when funds are withdrawn from the trading account.
6. If the client had a withdrawal in the billing month, then the interest accrued for this month will be canceled at the next withdrawal.
7. The client reserves the right to refuse to accrue a monthly bonus under the loyalty program at his own request, if this violates his personal, religious, trade or other rules, principles, concepts.
8. Strifor reserves the right to terminate the monthly bonus accruals (and in some cases withdraw all accrued funds) under the loyalty program, in case of violation by the client of the "Terms and Conditions of Services"
9. Strifor reserves the right to suspend or terminate these rules, as well as to refuse this service to its customers without giving reasons.
